Door Frame Options

Endura Z Series Sills

We use only Endura's line of Z Series sills in our door units. Offering a great combination of value and performance. These sills are made of all composite materials, containing no wood parts at all. These sills will never rot, warp, or deteriorate.

Mill Finish

Bronze Finish

Endura Ultimate Astragal

All our double doors get an Endura Ultimate Astragal. With a 24" one piece flush bolt and patented 3-point sealing technology. The Ultimate Astragal is the best choice for leak proof doors.

Hager Hinges

4" Outswing Primed Hager Hinge

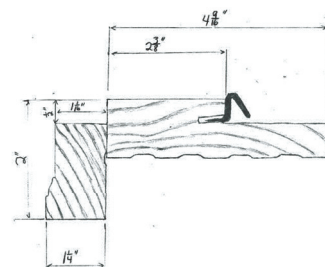

Endura Jamb

Standard sizes are 4-9/16" and 6-9/16", but our millwork shop can build virtually any custom depth jamb your project requires.

Primed Wood Jamb

The economical choice. Superior paint adhesion makes this the way to go if you intend to paint your jamb.

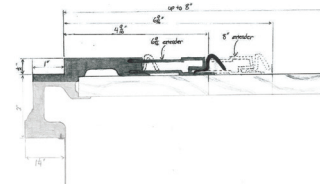

Woodgrain Stainable Fiberglass Jamb

Vinyl Jamb

The superior choice. If you are after maintenance free performance and great looks, this is your jamb. This is our very own design, cellular core and rigid PVC co-extruded jamb and brickmould. The brickmould doesn't need to be caulked to the jamb and won't come off in

your hand. It's molded directly to the jamb. A flexible and removable nail fin gives you a better way to flash the door frame to the wall. But best of all, we can custom size this jamb. Standard sizes are 4-9/16" and 6-9/16", but our unique extender profile allows us to offer you any jamb depth from 4-9/16" up to 8".

Multi-Point Lock

PanoLock+ is a one-of-a-kind multi-point lock that works with the-shelf hardware, supports a forgiving installation, and offers lasting performance, all at an affordable price point. Including electronic deadbolts.

WHY PANOLOCK?

NO HARDWARE CONSTRAINTS.

PanoLock's adapters allow the use of the most of-the-shelf hardware.

THREE TIMES STRONGER.

PanoLock offers all the strength and security of a traditional multi-point locking system.

ENHANCED PERFORMANCE.

Equipped with two tapered locks, PanoLock provides enhanced performance while reducing operation force.

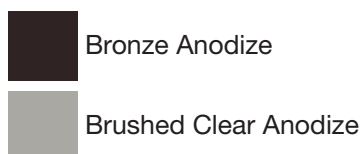

ULTIMATE SECURITY.

PanoLock features roller strike plated equipped with extra anchor screws enhancing security.

FLEXIBILITY.

PanoLock can be used for both inswing and outswing.

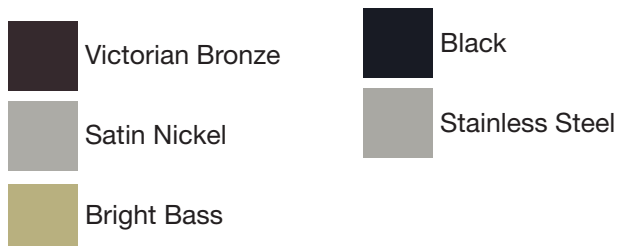

Lock Faceplate Finishes

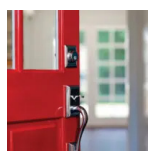

Sizes:

- 6/8
- 8/0

Adjustable Strike Plate Finishes:

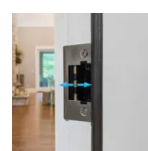

Performance meets style:

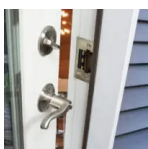

CHOOSE YOUR HARDWARE.

Whether knob, lever, or thumbpress, PanoLock Plus is compatible with most off-the-shelf hardware. Including electronic deadbolts.

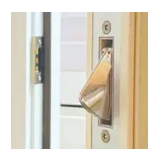

SMOOTH LOCKING OPERATION.

Supports a more forgiving install and smoother everyday use with tapered bolts and adjustable roller strikes.

A MULTI-POINT LOCK FOR EVERY BUDGET.

Available at an affordable price point so you can use PanoLock Plus for more projects (and budgets).

THE STRENGTH AND SECURITY OF A

MULTI-POINT LOCK. Enjoy enhanced performance and security with three locking points.
